ON THE ROAD AGAIN

A new monograph on the Swiss artist's work. Author of numerous performances, printed projects, and self-organized events, Gygi has always claimed a social and political dimension to his work.

Produced by the Musée des Beaux-Arts du Locle, on the occasion of the Triennale du Locle, this publication gathers several new essays on the artist as well as many examples of the recent prints produced by Gygi.

Designed by Gavillet & Rust in close collaboration with the artist, the book hides in its Japanese binding a series of photographs by Olivier Pasqual of Gygi's customized car and accessories.

Only available by les presses du réel. Limited stock.
