DESCRIPTION

To celebrate the new printing of *Everything In The Universe is Unfinished*, Yoko Ono has partnered with JRP|Editions to create a limited-edition artwork: Add color where the world needs peace (1960/2017/2024).

Since 1960 Ono has been inviting participants to *Add Color* to canvases and objects. This print combines Ono's *Add Color* with her various *Map Piece* works (1962–present), offering a space for participants to creatively IMAGINE PEACE in the world.
