The art of de(con)struction

American artists Cory Arcangel, Jessica Ciocci & Jacob Ciocci/Paper Rad, Shana Moulton, and Ryan Trecartin & Lizzie Fitch, have been brought together in this publication. In their works the artists create an overwhelming, color-charged aesthetic with an excessive density of content, reacting to the consumer-oriented condition of Western society. In their image-spaces the four collaborations address a culture of excess, constructing their critique via a form of appropriation, which simultaneously releases a veritable deluge of images. In the tradition of experimental film and Scatter art they probe potential unconventional narrative patterns and test for the disintegration of stereotypes. As a result, the video works are often shown in sculptural settings, in which fragments of pop culture and handcrafted forms are amalgamated into a multimedia Gesamtkunstwerk.
