Artist's book

All of the photographs in this book were taken between 2007 and 2011 from the artist's car, during his job-related journeys between Hamburg and Leipzig. They show a company sign, "Kraft," on the A7 freeway near Bad Fallingbostal.

Peter Piller (*1968) studied German language and literature and trained as a visual artist. His approach to photography, based largely on an enormous amount of collected and archived photographs, is striking and unique.

The publication is part of the series of artists' projects edited by Christoph Keller.
